Confirmation of Compliance with Food Contact Legislations and Recommendations

We hereby state that the above mentioned product is in compliance with the following food contact legislations and recommendations in their latest versions. The compliance is audited and certified regularly by different accredited, independent testing organisations.

EU	Framework Regulation (EC) No. 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food Regulation (EC) No. 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food
Germany	German Foodstuffs, Consumer Goods and Animal Feed Code (LFGB) §30 "Verbote zum Schutz der Gesundheit" and §31 „Übergang von Stoffen auf Lebensmittel“

Conditions of Use

The paper grade is physiologically and toxicologically safe when used as intended. It can be used safely in printers and scales for the labelling of goods. However, it may only come into direct contact with foodstuffs which are usually washed and/or peeled before consumption.

Certified Management Systems
